Nanyana kunjalo, umbuso webandlululo wathoma ukulemuka bona awukwazi ukugandelela umazibuse KwaNdebele nangabe abantu abangamfuniko banengi kangaka. Ngomyaka we-1987 P uW Botha wamemezela bona isitjhaba sizakuvunyelwa bona sivowude kurefarandamu sitjho bona siyafuna ukuba nomazibuse nanyana asifuni na. Irefarandamu azange yabajwa njengombana kwakubonakala bona uzoba yini umphumela. Ngalokho kwaba kuphela komzabalazo KwaNdebele.

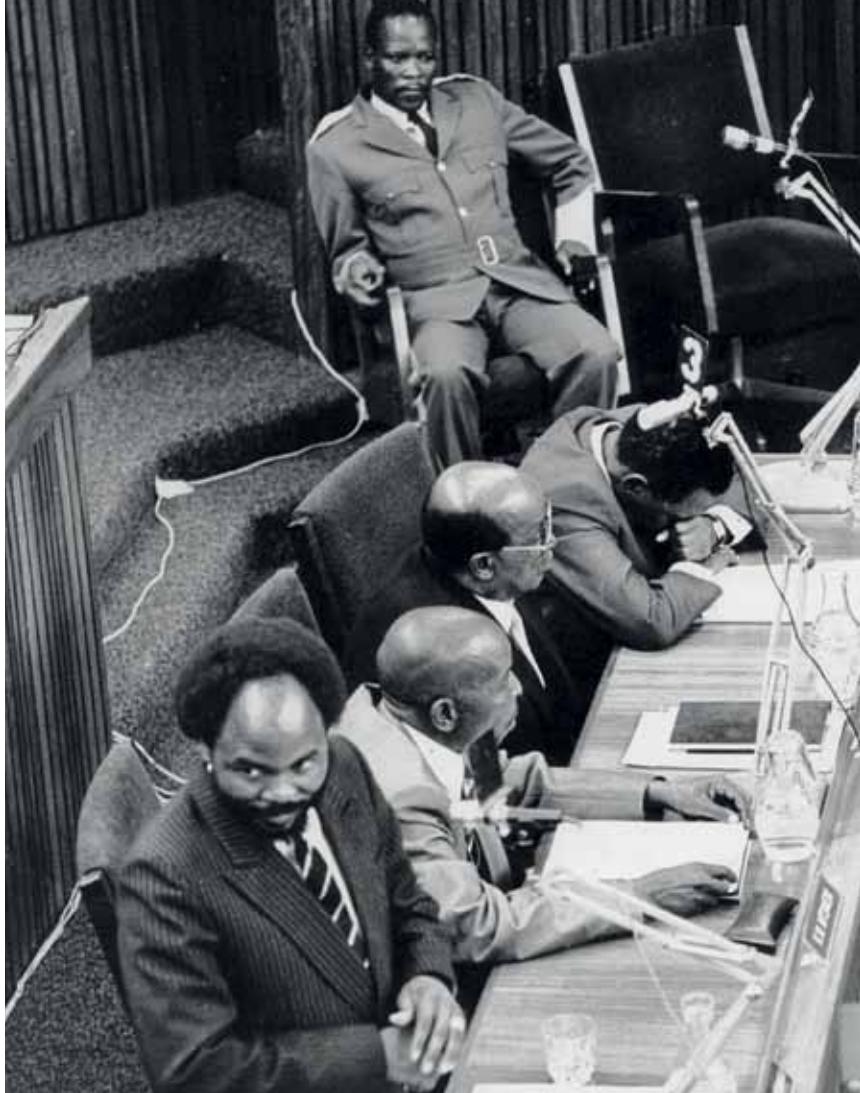

IKwaNgwane

IKwaNgwane kwakusisabelo esatlanyelwa amaSwati ahllala eSewula Afrika. UNdunakulu wakhona kwakungu-Enos Mabuza, ngokungafani nabangani bakhe bezinye izabelo, owabasekelwa khulu begodu azwelana nomzabalazo wekululeko. Ngaleso sizathu, uMabuza gade awukghala umgommo wezabelo asekela umqondo weSewula Afrika ekudemokhrasi. Nanyana kunjalo, wabasazi bona iindawo zezabelo kuziindawo zesikhathjhana begodu wasebenzisa isikhundla sakhe ekwenzeni ngcono iimpilo zabantu wasebenza ngokuphikisana nombuso webandlululo.

Umbuso webandlululo wawufuna umbuso waKwaNgwane uhlanganiswe neSwazini ilizwe elalivele linomazibuse opheleleko begodu ezange kheyibe yingceny yeSewula Afrika. Abanengi bacabanga bona iSewula Afrika nayifuna ukufaka iKwaNgwane ngaphasi kweSwazini yayifuna ukugalaja iSwazini bona itlikitle isivumelwano sezokuphepha, khulukhulu, ifuna umbuso weSwazini ulekelele iSewula Afrika ngamasotja ekufanele abambe amalunga we-ANC nawo-MK asebenzela eSwazini.

Ngesikhathi isimemezelo sokufakwa ngaphasi kweSwazini senziwa ngomnyaka we-1982, uMabuza wala ekhoho yeSewula Afrika. Kwakuyinto ehle leyo. Ngemva kokufakwa kwamaphepha eKhotho ePhakamileko ngoNovemba 1982, umbuso weSewula Afrika wabawa bona kube nokuzwana kwangaphandle kwekhoho (*out-of-court settlement*), umbuso wabe wavuma ukuthwala iindleko ezenziwe yiKwaNgwane begodu yayekela indaba yokobana iKwaNgwane iwele eSwazini. yephenyo ukobana iqale ikusasa ngokudluliselwa kwehlabathi. IKomitjhini kaRumpff yathola bona izakhamuzi zaKwaNgwane zazingafuni ukufakwa ngaphasi kweSwazini, nanyana sekunjani.

Ngenyanga ka-Arhostosi 1983 iKwaNgwane yanikelwa amandla wokuzibuso. UMabuza wasebenzisa amndlakhe wokuziphatha njengeqhinga elihle embusweni weSewula Afrika, ukuphikisa wakuveza tjhatjhalazi. Ngomnyaka we-1984 wamemezelza bona izakhamuzi zaKwaNgwane ‘zifuna ukugcugcuzela ukungabandlululani ngokobuhlanga, ukulingana kanye nedemokhrasi esabelweni saKwaNgwane, njengombana sithemba bona ngomuso sizozibandakanya ekuthuthukiseni nekukhakhaziseni iSewula Afrika enedemokhrasi nenganakho ukubandlulula ngokobuhlanga’.

Phakathi nomnyaka we-1980, ngaphandle kokuvunyelwa mbuso weSewula Afrika, wenza iKwaNgwane yaba siphephelo se-50 000 sesitjhaba seMozambique esasibalekela ipi. Umjameli walabo baphalali watjela umzenda weBritain oseSewula Afrika bona;

Imiraro yeMozambique yenza ilizwe lethu lingathabisi kangangobana sigcine sesibaleka. La sithola amapholisa akhamba angena umnyango nomnyango asifuna. Kodwana uMabuza usinikele ikhaya ngalokho siyamthokoza ngokuba nesibindi esingaka. Uthi sima-Afrika soke.

Ngomnyaka we-1986 uMabuza wadosa phambili abajameli ababe bathunywe bona bayokuhlangana nabarholi be-ANC eLusaka, ikomkhulu leZambia. I-ANC gade eqinisweni engakhambisani nabarholi bezabelo ngesizathu sokobana gade babambisene nombuso webandlululo ngalokho ubudlelwana nayo (i-ANC) noMabuza kwakufakazela indlela ahluka ngayo kwabanye abarholi bezabelo. Leziinqhema ezimbili zamemezelza bona ‘Ilizwe lethu kufanele libuswe babantu balo boke, abanzima nabamhlophe ngokulingana, abafowethu nabodadwethu.

Ekuthomeni komnyaka we-1990, ngemva kobana iinhlangano zekululeko sezivulwe imilomo nabarholi bazo batjhatjhululiwe emajele, uMabuza wabawa bona iKwaNgwane ibhidlizwe. Waragela phambili wasekela i-ANC, ngethabo wazithathela umhlalaphasi kwezokubusa.

Isikhathi Samakhomreyidi

Njengomuntu omutjha eendaweni ezimakhaya, isikhathi esimasentjhuri, nganginokuziphatha begodu ngiphila ipilo enganakho ukuyeleta khulu. Abantwana babalindelwe bona benze imisebenzi abanikelwa yona, abesana baluse iinkomo bese abentazana balekelele abonina ngokupheka, ukutheza

iinkuni nokukha amanzi kanye nokugada abantwana. Lezizinto zazisenziwa ngaphakathi kwekululeko ethileko nepilweni engenelelako ngokufunda. Nasisemasimini, thina abesana sithola ikululeko nokuzilawula ngokudlala imidlalo, sigange, abentazana nabezako bazokukha amanzi nanyana ukutheza iinkuni sifune ukukhamba nabo. Abentazana gade isikhathi sabo sihleleke ukudlula sethu, kodwana babe naso nabo isikhathi sokuzithabisa nokuhleka. Njengombana bakhula, abesana basebenzela ukuthola iinkomo ukuze, ngelinye ilanga, bakghone ukulobola, bathathe abafazi.

Kusukela phakathi kwesentjhuri ye-19 ukuya kweya-20 isokana lalikhamba liyokusebenza emabubulweni, eemayini neentolo ukuze lithole imali yokwenza lokho elikufunako. Kodwana ukukhula bewufike ezingeni lokuthatha nanyana ukwenda amasokana nabentazana kufanele balalele, bahloniphe iimfiso zababelethi nabanye abantu abadala.

Kusukela ngeminyaka ye-1970, nanyana kunjalo, itja yathomia ukutjhijila ilawulo nepatho yabadala. Ukuba mutjha kwakumaboni amatjha. Ukwanda kwefundo yamaphrayimari namasekhondari yayisitjho bona isikolo nefundo yetjingalanga zimaboni aqakathekileko abantwini abanengi abatjha. Babe bafakwe ngaphasi kweFundo yabaNtu (*Bantu Education*), eyayidizayinwe ukobana ibenze bacabange bafike eduze abanye babe bakghona ukusebenzia ilwazi labo elitjha ukutjhijila okumumethwe yifundo egade bafundiswa yona babuze nangokufaneleka kombuso webandlululo. Kileliphasi elitjhugulukako babe bafanele bamukele amaboni athileko amatjha. Itja eyayisuka emadorbeni gade ifika eenkolweni eziseendaweni zemakhaya ikhulume iindaba zokunghanha nokurhwanta; njengeenkulumo zakaBob Marley noMiriam Makeba; amaphetjhana wezepolotiki. Abathanda ukuzwa nabalandelela ilwazi lepolotiki babe balalela iindaba zoMkhonto wesiZwe, bafunde amaphethandaba bese balalela neRadio Freedom.

Kodwana iinhlangano nokunyakaza kwakungasiyo into ezenzakalelako. Ilemuko lezepolotiki lathuthuka ngokunaba kancanikancani etjeni yemakhaya. UFish Mahlalela, owabamgcugcuzeli wabakhamba eenkolweni zehlanzeni arhatjhe umoya wepolotiki, ngaleso sikhathi athi:

Ukutlhayela kweenhlangano zepolotiki esiphanden i ngeminyaka ye-1980 kwakukhambelana nokuzibophelela ngokugcugcuzela itja. Sasisebenza ngamunye ngamunye isikhathi esinengi. Imbijana yethu egade sinelemuko sasikghona ukuletha imbijana yetja sicoce nayo izinto ezelula ezifana nokurhwanta ngaphandle kokubaluleka ngezepolotiki.

U-Andries Johnson waqotjhwa esikolweni ngomnyaka we-1976, kwazokuthi isiqhema esasizimisele ukuhleleka sakheka ngaye;

Ngathomha ukusiza esitolo ngaso soke isikhathi kunabesana engibaziko nabatjhili qadi kwami. Abanye babesanabo babangasafundi, bangasebenzi abanye babafundi ukube abanye kubesana abatjhili nje ababangani bethu. Inani lalabo abatjhili lakhuphuka kusukela ngomnyaka we-1980 ngoba lisanda woke malanga...ngomnyaka we-1982, sathoma ukukhulumha ngepolotiki namaqhinga wokobana singababandakanya njani abanye abesana esasihlala sinabo esitolo. Kodwana kuhle ngiveze bona sasaki kancani khulu ngepolotiki ngaleso sikhathi, ngaphandle nje kokuzwa emrhatjhweni nokufunda amaphephandaba ngeSoweto nezinye iindawo zemadorobheni.

Umrhwanto wetja epumalanga yeTransvali ekupheleni kweminyaka ye-1980.

Kodwana ngomnyaka we-1984 izinto zajika ebantwini abatjha bepumalanga Transvali. Kusukela ngalowo mnyaka ukuya phambili itja yathoma ukuzitlolisa eenhlanganweni ezinengi ezibambisene ne-UDF, kanye neenhlanguano ezizijameleko zabasebenzi (*independent labour movements*). Itja yathoma ukukhulumha ilimi lokunghala elikubona kumaphandle, ukuzibophelela kuminqopho yepolotiki ekhambisana nedemokhrasi, yazifanisa neensebenzi eziseemzabalazweni. Iinhlangano ezhlelekileko zabasebenzi kanye

namaphandle gade bavama ukunikela amandla nesibindi kilabo abakhutheleko agade baziphatha njengama-*shock troops* emzabalazweni. Kusukela ngomnyaka we-1984 ipolotiki yetja yanaba njengomlilo esiphendeni. Enye yeendawo eyayiqakathekile yokuhlangana kuhlelwe zepolotiki kwakuseenkolweni.

Enkolweni itja le yayithola amathuba wokucoca ngepolotiki bese irhatjha namaphetjhana wepolotiki. Okhunye, ukungakhambani okwakubangwa kutholakala kwefundo kanye nokungena ephasini legandelelo kwagcugcuzela khulu iinkanuko zokobana kube namatjhuguluko kwezepolotiki.

USimon Zwane wabalisokana elalinesifizo esatjhabalisa libhoduluko ahlala kilo. Wabelethwa eMambane ngoJulayi 1969. Wafunda esikolweni semayini wathi ngomnyaka we-1983 waya e-Ermelo. Azange asaba nemali yokuragela phambili ngefundo kilowo mnyaka kwadinga bona ayokusebenza ederini ukuze athole imadlana. Ngomnyaka we-1984 watlolisa eLindile High School e-Ermelo. Kwakusikolo esifundisa ukudlula zoke ngaleso sikhathi. Sasingatshwenywa yiplotiki njengezinye iinkolo. Ngomnyaka we-1986 yatloniyelisa unongorwana we-R10 000 ngokuba sibonelo esihle.

Lomtlomelo waba nemiphumela engakalindeki. Eqinisweni babe bakhona abafundi ababosopopoliki abasingwa ngunongorwana lo. Abafundi nabalelwu ukuphuma esikolweni ngesikhathi sokuphumula nabantu bangaphandle bavinjelwa bona bangene emasangweni wesikolo, basilingeka ngalokho. Bathoma khonokho baphosa amatje baphula amafesdere wesikolo baphula namahege. Ukusuka lapho bahlangatjezwu bafundi bakwezinye iinkolo barhatjheka koke banghonghoyila. Batjhisa amaholo wotjwala, iimbhesi, amalori, nahostela. Nakahlathulula umoya walapho uZwane uthi:

Wawuzwa nje amandla. Wawulapho izinto zenzeka, mbala zisenzeka begodu kuthabisa ukuzibona. Silapho ngaphandle senza esikwenzako. ...ngitjho ukuba lapho kokuthoma epilwenakho ubone izinto zisenzeka, izinto uzibone la nazithomako wawubona nje bona kunokuthaba okukhulu. Ngitjho ukobana wawuwabona amandla, uwabona ngamehlo izinto zisenzeka.

Ngemva kwama-iri amahlanu amapholisa afika abafundi sebavale iintrada bahlome ngamatje. Amapholisa afika adumuza ngeenkule zeraba hlangana nabo baphadlhalala. Kwabanjwa abentazana bayokutjhukwa ngemibuzo yokobana kuvezwe bona ngubani othome umtjhagalo lo. Utitjhere owabakhamba namapholisa naye wadumuza kwafa umfundsi oyedwa. Kwathatha iveke yoke ngaphambi kobana ubujamo bubuyele endimeni enokuthula. Abarholi bathula amalangana ngemva kwalowo mrhwanto.

UZwane, owaba ngomunye odosa phambili umrhwanto, wahlala nomndeni eDonaldson alindele ukuzwa umtjhagalo obudisi ukudlula.

Nakabuya esikolweni kwasele kutjhuguluke ngenye indlela. Ukusilingeka kwakuloko kukhona kodwana iinlilo zabanye abafundi zazilungisiwe. Ukubetjhwa kwasele kulisiwe begodu abafundi baba nokuzimisela okukhulu ngokungenela ipolotiki. UZwane wazitlolisa ngaphasi kwe-UDF waba mdosiphambili e-Ermelo.

Emlandweni weSewula Afrika abantu abanzima sebalwe nobuloyi ngeendlela ezinengi. Nanyana kunjalo, epumalanga netlhagwini yeTransvali amajima alwa nobuloyi athoma ukubonakala ngeminyaka ye-1980 ngendlela

etja, khukhulu ngokudoswa phambili nokusunduzwa yitja. KwaSekhukhune eLebowa, itja yakhona eyayifunda eenkolweni ezikwezinye iindawo yayicabanga bona ubuloyi bandile kilendawo begodu babuthikameza indlela etja yokuphila komphakathabo. Ngalokho yase icabanga bona kuhle lomukghwa uruthulwe nemirabhakhona ngaphambi kokutholakala kwedemokhrasi.

Ngokomlando, kumsebenzi wamakhosi ukuqalana nabantu abacatjangelwa ebuloyni. Abantu abanjalo gade bafuduswa basuswe hlangana nomphakathi, iinhlahla zabo ezilbulalako zisuswa, barhunwe neenhluthwezi. Kodwana esabelweni setlhagwini, iLebowa, ngeminyaka ye-1980, amakhosi gade selathathwa njengeensebenzi zombuso webandlululo begodu acatjangelwa ngokuthi nawo ayaloya abulale abantwana ukuze enze iinhlahla ezizabanikela isithunzi namandla.

Ngaphandle kokuthi amakhosi ajezise labo abasolelwaa ngobuloyi begodu baqalene nekarekelo lezepolotiki nokungazibandakanyi kwababelethi babo kwezepolotiki, itja yasikima yaqalana nabo boke abantu eyayicabanga bona bayaloya emphakathini, yabasahlela.

Isiqhema seMbuthuma safaka umtjhini wokutjhisela osebenzisa irhasi esiporweni sasesilindela umuntu ozokutjhisela bona eze azokwenza umsebenzakhe. Umtjhiseli mbala wafika wathungelela itotjhi yokutjhisela wathoma umsebenzakhe. Ngaleso sikhathi abanye bajamile bamqalile. Umsebenzi wokutjhisela nawuphelako ihlekelele yengozi yenzeka. Itotjhi yokutjhisela nayicimako umlilo wakhamba ngerhasi wabuyela ebhodlelweni elabamba umlilo ladubula khonokho. Ukuba Lilunga LomKhonto WesiZwe

Kusukela ngeminyaka ye-1960 ukuya phambili ihlangothi lamasotja wekululeko laba nesithintela esitjha emzabalazweni wezepolotiki epumalanga yeTransvali. UmKhonto wesiZwe, owawaziwa bona yi-MK, wahlonywa ekuthomeni kweminyaka ye-1960 njenephephiko lezepi ku-ANC. Amalunga we-MK gade athathwa njengeenkutani eengoga nezabelweni. Kodwana ukuba sisebenzi ngaphasi kwephiko le-MK kwakufuna ube ngaphezulu nje kokucabanga ngepolotiki. Gade kubababantu abahlale bafunwa mapholisa weSewula Afrika wezokuvikela ngaso soke isikhathi. Gade bafunwa ngaphakathi eSewula Afrika nangaphandle begodu kudinga bona basebenze kwelefukwana nelizele ingozi. Ukuthola amalunga angangena ngaphasi kwe-MK kwakubudisi begodu kuligadango elinengozi ngaphakathi.

Ama-Askaris ngiwo agade amraro omkhulu kiyo yoke imiraro. Labo kwakubabantu abanzima kodwana esele bakgherukile eminyakazweni

yekululeko base basebenzisana namapholisa wokuvikela weSewula Afrika. Eqinisweni gade bakghona ukuthunyelwa eminyakazweni yekululeko bese batjela amapholisa yoke into eyenziwa balweli bekululeko kanye nokobana bobani amalunga we-MK adosa phambili nayingozi. Amalunga we-MK nakahlwenga amalunga angeza azozitlolisa ngaphasi kwe-MK gade benza ngakho koke okusemandleni ukuqinisekisa bona akusiwo amalunga we-askaris. Nangabe umuntu otholakala bona uzimisele begodu uthembekile gade amenywa-ke ukobana azozitlolisa ukuba lilunga le-MK, abandulwe anikelwe nebonelophambili lehlangano.

Ukusebenza Kwe-MK Epumalanga YeTransvali

Epumalanga yeTransvali, i-MK yayizibophele ekutholeni amalunga amanengi wokulwa begodu nokutjheja iindlela zamakhondlo zokungena nokuphuma eSewula Afrika magega nomgcele weMozambican. Abantu abaphumako nabangena eSewula Afrika gade basebenzisa umgcele weMbuzini ngombana ukugada gade kungazipheli lapho. Iindrada kwakulula ukuziquntula begodu abantu abangehlangothini leMozambique nabo gade basekela i-MK. Inengi labo lakghona. Amalunga we-MK nakapha abantu bemizi yeMbuzini izipho ezithileko ukuze babasekele kilokho abakwenzako, umbuso webandlululo nawo gade ubanikela izipho ezidlula ze-MK ukobana nabo babasekele. Sasisebenza kilowa umgcele. Yayingekho idrada enomlilo wegezi ngaleso sikhathi. Idrada enomlilo yakhiwa siyiqalile sisebenza. Ukwakhiwa kwedrada enomlilo wegezi kwabangelwa bujamo bokusebenza kwethu nalokho esasikwenza yakhelwa ukusikhanda la ngokuqala indlela umgcele owawungakho.

NgoJuni 1986 amalunga asebenzela i-MK alunywa indlebe ngokutjheja indoda eyayibonakala ingutamulani wombuso. Lendoda, eyayinguSamuel Mpanani, yayibhodlela abantu emzini (ifuna ukuthola ilwazi nge-MK). Amalunga amane we-MK akhamba aya eMbzini ayokufuna indoda leyo. Lamalunga we-MK ngemva kthesikhathi atjela iKomidi yokuLibalela yamaQiniso nokuBuyisana (*Amnesty Committee of the Truth and Reconciliation Committee*) ukobana kwenzekani nabafika lapho:

Nasibandamelia umzakhe waphuma sambona bona uphethe isigidi. Wazama ukubaleka kodwana samakhela indulungu. Wadumuza kodwana angazi bona wabadumuza thina nanyana ummoya na. Wadumuza kanengana sagcina sibaleka kancani kuye waze waphelelwa makule sabuya samphuthuma, sambamba. Sakhamba naye emasimini wommoba . Nasifika lapho uTemba wathoma wambeka amatayera ngemaqadi. Sawapaka amatayera la elinye laba phezu kwelinje samthela ngepetroli. Ngangifuna ukuthungelela ngomlilo kodwana elinye ikhomreyidi lakwenza ngaphambi kwami lokho, watja waba mlotha. Azange asabonakala bona ungubani ngemva kwalokho.

Ukuzidela Nesibindi

Amalunga we-MK gade anekghono elikhulu lokulwa kodwana abanye batjengisa ukuba nesibindi nokubambelela. Indaba kaPatrick Chamusso isinikela isibonelo esihle khulu ngalokho. UPatric wabasebenza eSasol 2, ekulibubulo elikhulu elitjhugulula amalahle liwenze i-oli epumalanga yeTransvali. Njengombana lelibubulo laliliqhinga elihle elalizokukhuphula umnotho weSewula Afrika ukuze ukghone ukubambelela ngesikhathi sokutswinywa kwezomnotho, kodwana lalilibubulo elilitshwayo lamandla wombuso webandlululo.

Ngomnyaka we-1980 uChamusso wavalelwaa mapholisa wezokuphepha. Wabangakenzi litho kodwana acatjangelwe bona ungomunye walabo be-ANC

abasahlela iSasol 2. Ngemva kobana bamtjhaphululile wabaleka waya ekuphaleni. Nasele aphalele wabizwa ngu Joe Slovo, isikhulu se-MK begodu abuye abe ngunobhalamazombe weSouth African Communist Party. USlovo umbuzo othembekileko ambuza wona wathi: Ungathanda ukusahlela iSasol 2? UChamusso wathi angathanda. Usakhumbula kuhle uChamusso:

[UJoe Slovo noRashid] bangibuba bona ngyazazi iinthuthumbi zakhona nokobana zijame njani. Ngathi iye ngyazazi. Ungenzani nange uthola omunye ozokubandula ungabuyela emuva uyokuthuthumbisa, utjhise iSasol? Ngathi kuye ngingakuthabela khulu lokho. Ngingaya ngokukhulu ukuthaba nangokugijima. Wase uthi kungani ngizokugijima ? Ngamtjela bona amaBhunu la angisilingile. AmaBhunu la angisilingile. Qala angithome ngingazi litho... angibetha. Wase uthi lento [ibandlululo] ayitjhaphululi namunye umuntu, inesithintela esimbi kiwo woke umuntu oliSewula Afrika.

UChamusso wakhamba ngesiphaphamtjhini waya e-Angola wayokubandulwa msinya ngokulwa ngeenkhali kodwana aqalene ngqo neenthuthumbi nokunemba poro. Ngemva kokuphetha lelo bandulo uSlovo wambiza wambusa

godu bona wabafuna ukuyokuthuthumbisa i-Sasol 2 na? Wabuya godu wathi, iye. Kodwana kwaba nentwanyana eqhingeni lakaSlovo angazange ayithande. USlovo wabafuna bona uChamusso akhambe aphekelelwwe siqhema samalunga we-MK. UChamusso nakakhumbula ipendulwakhe uthi:

Ngathi, hi, aikona, awa. Ngifuna ukukhamba ngedwa. Wangibuza bona kungani ngifuna ukukhamba ngedwa. Ngathi kuye, awa, kungombana sitjelwa bona kunama-*mthlembe* [abotamlani], abantu abeza la ngombana bafuna ukuzokuthola ...manje kuzakuba njani nawungithumela nomuntu *omthlembe*, bese nasifika le angithengise ?

USlovo azange akholwe kuhle kodwana uChamusso wazama ukobana amtjengise bona gade amumuntu othembekileko begodu angasuye *umthlembe*. Waphumelela ukukwenza lokho wase unikelwa umsebenzi ukobana awurage ube yipumelelo ayedwa.

Ngemva kweenyanga ezilikhomba aphalala uChamusso wathoma ngomsebenzakhe. Wabuya weza emgceleni weSewaula Afrika aphethe ipaspoto kamakhohlisa akhamba ngekoloyi eyayilatjhe iinthuthumbi. Umraro wokuthoma agade anawo kwakukudlulisa iinthuthumbisezi emgceleni. Gade angekhe azidlulise ngekoloyakhe. Wajanyiswa esangwen-imgcele wabuzwa imibuzwana, wasetjhwa kanye nekoloyakhe. Wabagade asazi bona kungenzeka lokho ngalokho iinthuthumbisi azisusile ekoloyini azitjhiye ngesikhwama kujana nesangomgcele. Umnqophakhe gade azitjele bona uzokubuya ngeenyawo eqe umngcele godu azokuthatha isikhwameso ngaphandle kokubonwa nokusetjhwa. Ekugcineni wadluliswa kodwana bambawa bona alayitjhe elinye lamapholisa alalisiya eBethal. Azange akghone ukwala uChamusso kodwana kwakateleleka bona avume.

Ngemva kokuhliza ipholiselo, uChamusso wazama ukubuyela emuva ayokuthatha iinthuthumbiseza, kodwana kwatholakala bona uyabona bona ulandelwa ngenye ikoloyi eyayiyidala. Lokho kwamenza bona atjhugulule iqhinga lakhe. Watjhinga eSprings, nge-East Rand, kodwana yaloko imlandele ikoloyi leyo. Waphenduka wangena erenkeni yamateksi, wajama kwase kuthi lababantu agade bamlandela bakhamba. Ikoloyakhe walemuka bona yayiyingozi. Kwadinga bona afune enye indlela yokubuyela esangwen-imgcele. Wabona iqhegu elalikhamba ngeveni waya kilo wayolibawa bona limphekelele esangwenimgcele uzalibhadala i-R150 lithele ipetroli. Endleleni wahlathulula indabakhe uChamusso wathi uyokuhlangabeza umma othileko ngale ngemceleni. Umma loyo uphethe ipahlakhe begodu bazokubuyela eSewula Afrika bobabili. Bakhamba bafika esangwenimgcele, uChamusso wakhamba wayokuthatha isikhwama sakhe wabe wabuyela ekoloyini ngaphandle kokuthikanyezwa. Kodwana uChamusso kwafuneka bona ahlathulule bona kungani angakhambi nomuntu wengubo njengombana atjho ekuthomeni:

Ngathi kuye, yeji ndoda, umma loya egade ngiyomqala ungenze isidlhayela. Utjhiye umthwalami lo wodwa. Batjho uthole ikoloyi engamlayitjha wakhwela wayokufuna mina ngale, mhlambe kungenzeka simthole ngombana ngimtjelile bona ngizakuza emzinakhe eVan Dyk's Drift, *A ngase sekhathethi se sa mathola [sizamthola ngesinye isikhathi]*.

UChamusso azange adle isikhathi ngombana wabaselaziphethe iinthuthumbisi zakhe ngakusasa ekuseni wavele wanqopha eSasol 2. Wabacabanga bona uzakungena lula ngaphakathi kfefemu njengombana gade asebenza khona. Kodwana soloko ifemu le yathuthunjiswa kokuthoma gade sekwakhiwe

ifensi ede magega nayo begodu zoke iinsebenzi zayo gade sezembatha iimbheji zokuvikeleka egade ziqalisiswa nabangena efemini. UChamusso waya edorojaneni eliseduze nefemu le, i-Evander, wathenga ama-ovorolo afana nalawo ambathwa ziinsebenzi zeSasol 2 wabe wathatha nesithonjana esingumazisi. Nakabuyela emuva emayini waphumelela ukungena eholweni yebhareni...

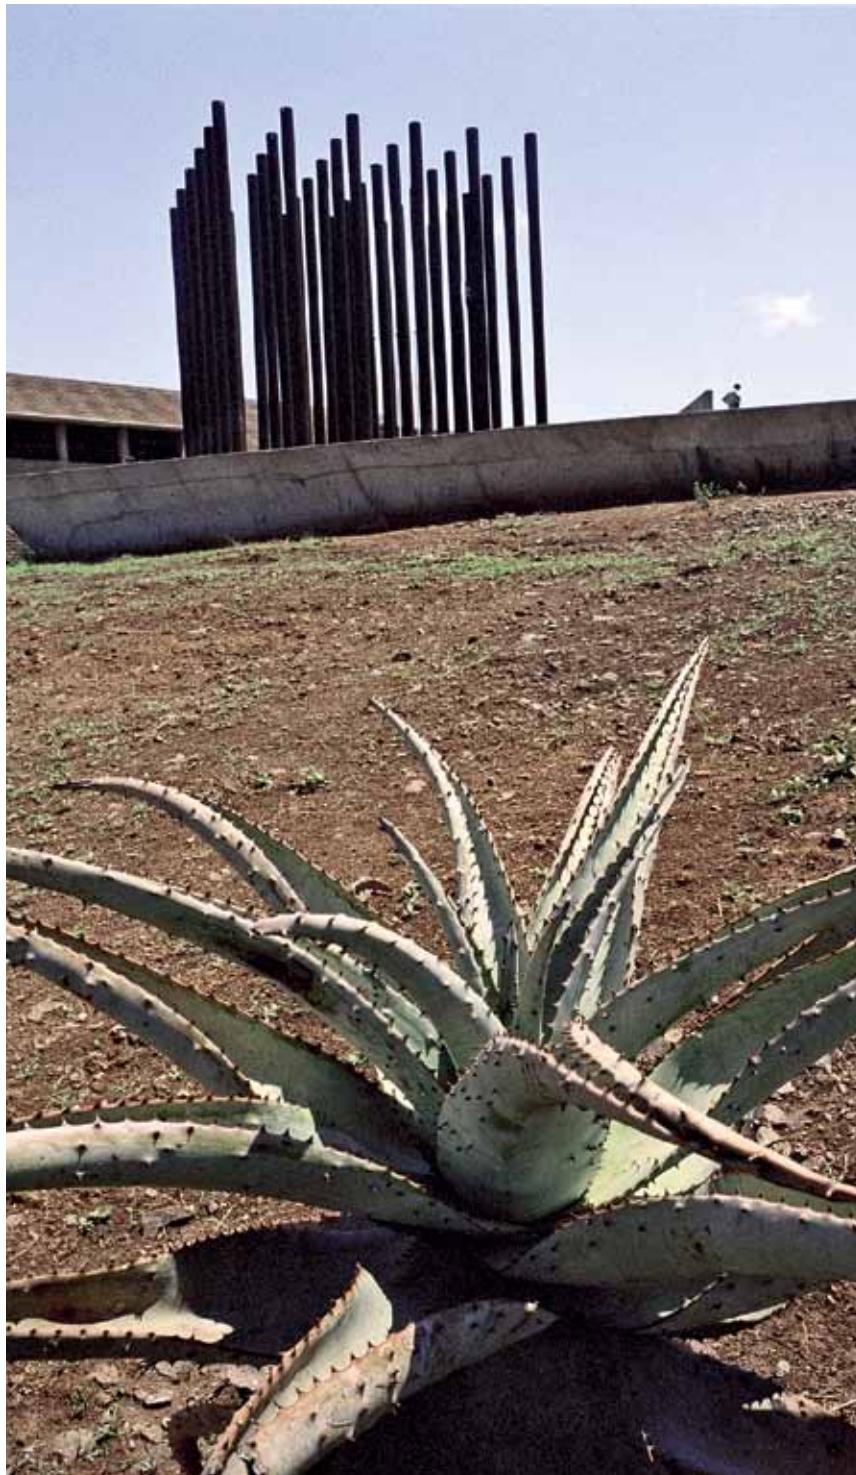

Ngaya emayini ngahlangana namanye amasokana salotjhisana. Gade kumasokana aziselelako. Yeyi ndoda, ngangifuna amakaradabo wokungena. Ukube ngawathola gade ngiyowathatha ngikhuphe ngifake lami. Ngaleso sikhathi [amakarada] gade angafani nala wanamhlanje. Ngalesisikhathi angekhe ulikhuphe. Asebenza ngekhompyutha...ngaleso sikhathi gade ukghona ukukhupha isithombe esikhwameneni saso. Ngahlala nawo [amasokana la] isikhatjhana ebharenapho ekugcineni ngaleba. Lalahleka ikarada lakhe lokungena.

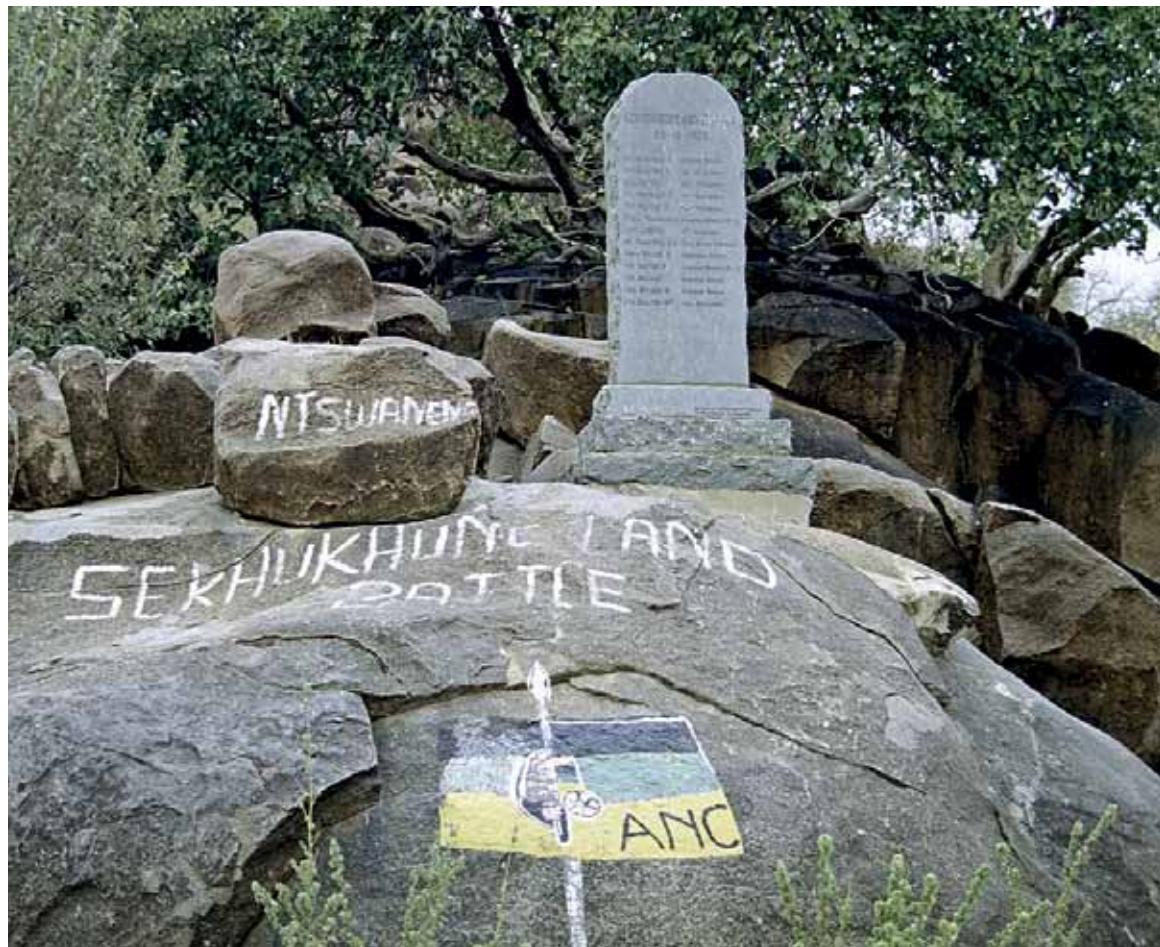

Mhlana amalanga ama-21 ku-Oktoba, uChamusso gade selakulungele ukwenza umnqophakhe. Wafaka ama-ovorolwakhe namabhudzi athwele isikhwama sakhe esiphethe iinthuthumbi wangena efemini ngekarada lakhe elitjha. Wathatha amathulusi waragela phambili abonakala njengendoda elungele ukukhamba iye emsebenzinayo, emgodini. Kodwana izinto azange zikhambé kuhle ngefanelo.

Ngabona indoda yinye eyangaziko. “Lotjhani Pat, uqatjhwe nini la ?” Ngathi, “Yelele ndoda ! Bangiqatjhile kodwana banginikela umsebenzi wokuthanyela amabhande. E...kungcono mfowethu bengingacabangi mina bona bangabe basakuqatjha”. Phela umuntu lo gade ayibaasboy ebizwa bona *yibossboy*. “Ungangani umsebenzakho ?” Wathi nguye oqalene namabhande angaphasi emgodini...

UChamusso wabawa ukubabalelw bona ezwe lokho wakhamba. Wakhambisa nasele akhamba. Waqunta wavula intunja edradeni yefensi eduze neenthuthumbi eziqakathekileko zefemu, waphuma ngayo, wayokuthola iinthuthumbisi zakhe ezazisesikhwameni. Wabazokugiriza ifemu yoke nagade athuthumbise isithuthumbi esikhulu esiyipompi yepetroli kilefemu. Kodwana nangabe uyakwenza lokho kwakutjho bona uzokubulala alimaze abantu abanengi abanganamlandu ngezandla zakhe. Wase uthatha isiqunto sokobana uzoyithuthumbisa yoke njaya ifemu le kodwana uzokuthoma ngokunikela iinsebenzi isikhathi esaneleko sokobana ziphume efemeni. Waquphä

iinthuthumbi ezimbili ngononina. Isithuthumbi sesibili sasizokuthuthumba umlibe sigirize ifemu yoke. Kodwana sokuthoma sasizokuthuthumba sihlikilize ipompi yamanzi sithuse abantu ukuze babaleke kodwana singabalinazi. Sokuthoma isithuthumbi sadubula. Iinsebenzi nazithoma zirhaba ziphuma efemini zibaleka uChamusso naye wabaleka msinya.

Ngelanga elilandelako uChamusso wathenga iphephandaba afuna ukubona bona kwenzekeni. Wabagade ahlulekile, ibhomu yesibili gade ikhuthisiwe begodu iSasol 2 isesekhona. Wabazimisele ukwenzela umbuso webandlululo umonakalo omkhulu wase uyakhamba uya eWitbank ukuze athole itransformer eTransalloy. Kilellihlandla waphumelela ngombana wayithuthumbisa vele leyo *transformer*. Umnqophakhe gade awufezile uChamusso wase usebenzela ukubuyela emuva, emngceleni.

Kodwana ngaphambi kobana akhambe kilelilizwe wafisa ukuvalelisa

abantwabakhe agade angasababoni umnyaka woke. Nakafika eDennilton, ekhabo, wahlangana namapholisa aqabe indlela. Waphatheka kabuhlungu. Ngemva kokubona amapholisa lawo wajika ikoloyi wabaleka. Amapholisa amlandela. Babona bona nguChamusso, umuntu abamfunako. Abarukghudlhi badumuza amavilo wekolojyakhe yaphumela ngeqadi. UChamusso waphuma wakhasa ngamadolo alimele angakaphathi nesigidi. Wabalekela emasimini agade aseduze wabhaqa lapho. Amapholisa athumela amapholisa wezinja nomaphehlwana bona bamfune. Azange alunge. Bamthola kwathi ngemva kobana azinikele bambetha, bamhlukumeza bayomgweba iminyaka ema-24 esihlengeleni, iRobben Island.

Nakaqale iCape Town ngemva kwesikepe esasimusa esihlengeleni wabangacabangi bona ngaphambi kweminyaka eli-10 i-ANC izabe seyivulwe umlomo noNelson Mandela atjhaphululiwe ejele. Nanyana eminyakeni ema-25, ifilimu elikhulu leHollywood, iCatch a Fire, lizabe likwakwazela isibindi nezenzo zakhe ezikarisako.

Ukuthoma Kabutjha

Ngokuphela komnyaka we-1980 ubujamo eendaweni zabantu, eengoga nemadorobheni walesisifunda besele buqokame kangangobana umbuso webandlululo wawungasakghoni ukulawula. Indaba yokobana isifunda esifana nepumalanga yeTransvali, egade ngaphambilini singabonakali khulu njengesifunda esisizinda sokulwela ipolotiki, saba negalelo ekunghangheni okwadlala indima ebonakalako embusweni. Ngomnyaka we-1990 i-ANC, PAC ne-SACP zavulwa umlomo kwase kuthi uNelson Mandela nabanye abosopolotiki ababe babotjhwe eRobben Island nakwezinye iindawo batjhatjhululwa. Ngomnyaka we-1994 amakhetho wokuthoma afaka uwoke woke abanjwa angenisa itjhuguluko elitjha eMpumalanga neSewula Afrika yoke.
